COUNCIL PASSES TAX ORDINANCE

TOTAL OF 12½ MILLS FOR EVERY DOLLAR OF TAXABLE PROPERTY

WATER BOND TAX 5 MILLS

Special Taxes Levied for Street Lighting and Library Funds—To Receive Bond Bids July 25.

At a meeting of the city council held Saturday night at the city hall, a number of ordinances were passed which have as their purpose the fixing of the tax levies for the city, the amount totaling 12½ mills for every assessed dollar of Maryville property.

All the taxable property will be subject to a special tax during the current year of 1919, of two and one-half mills on every dollar of assessed valuation, the money to be used for the proper lighting of streets, alleys and other public places. A special tax of two mills on the dollar on the assessed valuation of Maryville property was also authorized by the council for the "water bond interest fund," the money to be used for the payment of the interest on the water bonds. For the payment of the principal of the water bonds, a tax of 3 mills on every assessed dollar was authorized.

In addition to the water bond levies, the council passed an ordinance authorizing a one mill tax per dollar, for the library fund.

To pay the current and ordinary expenses of the city government, a tax of four mills was authorized.

The final ordinance passed at the council meeting Saturday night calls for a poll tax payment of two dollars for every man between the ages of twenty-one and fifty years, who has resided in this city a period of thirty days.

The next meeting of the city council will be held at 3 p. m., July 25, at which time the commissioners will receive the bids on the water bonds of an issue of $50,000, which were recently voted.

THAT "LI'L OLD GAME" BROKEN UP

THE AUTHORITIES JOIN "FRIENDLY" CRAP GAME SUNDAY MORNING

'TWAS A SURPRISE PARTY

One of the Party Breaks Arm in Attempted Flight at Fair Ground—Trial Wednesday Morning.

Sheriff John Dowden and Deputy Lee Atherton very rudely interrupted a friendly game of craps Sunday morning about the hour of 9 o'clock. The authorities joined the party which was holding forth in the judges stand at the Fair grounds, making a surprise affair of it. Indeed, one fellow, Lewis Emery, was so excited at the unexpected arrival of the uninvited guests that he leaped from the stand which is three stories high to the ground, breaking an arm "when the ground rose up to meet him."

Sheriff Dowden and his assistant, "Spud" Atherton, gathered up the "remains" of Emery, and his four partners together with the "bones" and other evidence and came back to town with them. Mike Still, A. B. Gaskell, Doc Seals, and L. E. Fite were other members to the party of five which had gathered to spend the quiet Sabbath morning in a "li'l old game."

The five culprits were arraigned before Judge Johnson this morning, charged with gaming by Prosecuting Attorney Charles McCaffrey, but, strangely enough, plead not guilty. The trial was set for Wednesday morning at 9 o'clock in Judge Johnson's court.

"THE GIRL WHO DARED" FIRST DUBINSKY PLAY

Stock Company to Open Week's Run at 8:30 Tonight—Feature Vaudeville and Musical Attractions.

"The Girl Who Dared" is the title of the opening play of the Dubinsky Brothers Stock Company which begins a week's run at their big tent theatre on the Kelley lot tonight.

The Dubinsky Company has made a reputation in Maryville and throughout Northwest Missouri for their high class attractions and the bill which they offer this year is on a par with any which they have previously presented.

In addition to the play tonight, a number of "big time" vaudeville acts, and late musical hits by the orchestra will round out the program.

The show begins at 8:30.

MEN'S BIBLE CLASS GROWING

Plans Made Yesterday for Banquet Next Thursday Night—Women's Auxiliary to Have Charge.

The increased attendance campaign started some two months ago by the Men's Organized Bible Class of the Baptist church is being pushed with vigor. Yesterday a number of new men were enrolled and plans made for the banquet Thursday night. One hundred and fifty prospective men, members of no church were listed. Committees will visit available men for the class. The committee for the sale of tickets for the banquet have already been assured of a large crowd to hear "Parson" L. M. Hale of St. Louis, speak on "Men and the Bible School." The Women's Auxiliary of the church will have charge of the banquet. A program of music, speeches and good fellowship has been provided.

R-34 REACHED GOAL YESTERDAY

BRITISH DIRIGIBLE COMPLETES TRIP ACROSS ATLANTIC

IS TO RETURN TUESDAY

3,600 Miles Over Sea Voyage Completed in 108 Hours and 12 Minutes—Petrol Nearly Exhausted.

Mineola, N. Y., July 7.—Great Britain's super-dirigible R-34, the first lighter than air machine to cross the Atlantic ocean, anchored here at Roosevelt Flying Field at 9:54 a. m., yesterday, after an aerial voyage of 108 hours and 12 minutes which covered approximately 3,600 miles.

Passing through dense banks of cloud, with the sun and sea visible only at rare intervale, the R-34 was forced to cruise 2,050 knots to reach Trinity Bay, N. F., from East Fortune, Scotland, and 1,080 knots from there to Mineola.

When the super-dirigible arrived here she had left only enough petrol to keep her moving ninety minutes longer. Her crew almost sleepless for four and a half days, were weary almost to the point of exhaustion, but happy at the successful completion of their epoch making trip. The return voyage will be started Tuesday at 8 a. m.

Mineola, July 7—A hole twenty feet long and twenty feet wide was torn in the nose of the giant British dirigible R-34, in a battle between a thousand men and the air craft which was being whipped by a gale and in imminent danger of being torn from its moorings.

J. PLUVIUS IN BAD— PUTS BLINK ON BALL GAME

Muddy Condition of Roads and Field Causes Postponement of Comet-Stuppy Game.

Jupiter Pluvius, not content with spoiling the Fourth of July holiday fun made more enemies for himself yesterday among the ball fans of Maryville when he put the blink on the game between the Comets and the St. Joe Stuppy nine.

The muddy condition of the roads kept the down state team from coming to this city, and it was well that they did not, for the Fair grounds park was a sea of mire.

Manager Black announced today that a game with either the Stuppys or the Shenandoah, Iowa, nine will be on tap next Sunday.

COUNTY COURT IN SESSION TODAY

The county court in session this afternoon made the Nodaway Valley Bank the depository for the county funds. The only other business of importance considered was the awarding of some bills outstanding.

Miss Edna Bonewitz will return to Savannah after spending a few days here with relatives and friends.

Mrs. Clara Buck visited in St. Joseph Friday and Saturday with her son Frank Buck.

COX TELLS OF LEAGUE SUPPORT

SENTIMENT STRONG FOR LEAGUE OF NATIONS AT CENTENARY

QUOTES THE SPEAKERS

Local Minister Tells Why a L of N Is Supported by Taft, Mott and McConnell.

Rev. G. S. Cox, pastor of the First Methodist church, recently returned from the big centenary convention at Columbus, O., spoke last night on the "League of Nations and the Centenary Movement." In his talk, he upheld the league as the most logical solution of the war problem, and told of the resolutions which were passed at the Columbus meeting approving such an international union.

Rev. Cox took as the substance of his talk, remarks made by ex-President Taft, John R. Mott, international secretary of the Y. M. C. A., and Bishop McConnell, for six years Protestant representative in Mexico, made at the big meeting in support of the league. He said that according to each of these men, America should take the lead in the first great movement for the settlement of international disputes without bloodshed, and that the eyes of the world were on the United States at this time to set an example which other countries might follow. Mr. Taft, he said, explained the league covenant and showed how the various clauses brought out the idea of justice and a fair deal for each of the countries in the pact.

In speaking of the address made by Bishop McConnell at the convention, Rev. Cox told of the work which this man has accomplished in Mexico for the furtherance of the Protestant religion and the reasons why he favored the league from a religious as well as a political standpoint.

He also brought out that John R. Mott, through his work as international Y. M. C. A. Secretary had been given opportunity to see the world from a broad viewpoint, and how he had come to accept the league as a medium for the best interests of all.

Dr. Cox explained the Centenary movement as a "league of nations of the church" and showed that the idea of a union of the churches of the world is a parallel one to the move for a union of the world nations.

Rev. Cox spoke of the recommendation of the league of nations made by Secretary of the Navy Daniels at the Columbus convention in which the latter referred to such as "The noblest covenant the world has known, a patriotic Sermon on the Mount," adopted by all allied nations of every clime, and every tongue and every faith."

WHEAT CUTTING IS ON

Tractors Are Playing Important Part in Harvesting This Year's Large Acreage of Wheat.

Wheat harvesting is now on and the farmers are making every effort to get their wheat in shock. The grain has ripened rapidly the last few days and is now needing to be cut. It is conservatively estimated that wheat in this neighborhood will make less than 20 bushels to the acre.

The tractor is playing an important part in harvesting grain this year. The exceedingly hot weather has caused horses to be very slow in getting over the field and many are making efforts to get their grain cut by tractor power. Owners of tractors state that given a good long day and no binder trouble they can cut from 35 to 440 acres a day.

Farmers are experiencing difficulty in securing harvest hands in many instances and are paying from $5 to $7 a day for single hands.—Barnard Bulletin.

THOUSANDS OF CATS ARE HOMELESS BY PROHIBITION.

New York, July 7.—Another of the evils of prohibition has been discovered.

Seven thousand cats have been made homeless in New York by the closing up of the saloons, it is estimated. There were well over seven thousand saloons in New York, and, outside the fashionable bars in the big hotels, it is estimated that every barroom had its cat, some of them more than one. Now that the saloons are closed the cats are homeless.

PRESIDENT'S SHIP NOW 500 MILES OFF NEW YORK

If Present Schedule Is Maintained Wilson Will Reach Hoboken at 3 P. M. Tomorrow.

New York, July 7.—The transport, George Washington, bringing President Wilson home,was 500 hundred miles from New York this morning. By maintaining her present schedule she should reach Hoboken about 3 o'clock tomorrow afternoon.

LEGAL BATTLE TO SAVE HARRY NEW

TEMPORARY INSANITY TO BE THE BASIS OF DEFENSE

INSIST SENATOR FATHER

Mrs. Lula Burger, Mother of Slayer, to Aid Son; Autopsy on Dead Girl's Body Tomorrow.

Los Angeles, July 7.—Despite the frank admission of guilt made by the prisoner, preliminary steps were taken today for the opening of a legal battle to save Harry New, Jr., who has claimed Senator New as his father, from being held legally responsible for the murder of beautiful Freda Lesser his sweetheart. Temporary insanity will be made the basis of the defense.

Whether Miss Lesser was about to become a mother or not will be determined by an autopsy tomorrow. The police said New now claims the reason he killed the girl, was because of her refusal to marry him, and not because she was to undergo an operation.

Chicago, July 7.—Stoutly maintaining that Harry New, Jr., who is under arrest at Los Angeles for the murder of his sweetheart, is the son of United States Senator New of Indiana, Mrs. Lulu Burger, mother of the slayer, is speeding westward today to aid her boy. Mrs. Burger said she married the senator when she was a young girl but has been divorced from him for eighteen years. She states that the best legal aid obtainable will be secured for her son.

WILL BRING GERMAN MURDERERS TO ENGLAND

Prominent Hun Officials, Alleged to Be Complicated in Cavell and Fryatt Outrages, to Face Trial.

London, July 7.—Prominent German officials, alleged to be complicatd in the murder of nurse Edith Cavell and Captain Fryatt in Belgium, probably will be brought to England within the next few days and lodged in the Tower of London, the Daily Express states.

Miss Katherine Grimes who has been employed as sales lady at the Graham-Latimer store for the past four years resigned her position Saturday.

ANARCHIST MOVE SPREADS IN ITALY

SOCIALIST COMMITTEES USURP ADMINISTRATIVE POWERS

CUT PRICES 50 PER CENT

One Killed and Several Injured in the Rioting at Brescia; Police and Looters Battle in Streets.

Rome, July 7.—The anarchist movement in Italy is spreading from the small towns to the cities. In the Bologna province the anarchist and socialist committees have usurped the administrative powers in the municipalities. Edicts have been issued lowering the prices of foodstuffs. Further looting was reported from Ferli, Popoli Medola and Castocaro, the seat of the original outbreak this week. General strikes have been proclaimed at Prato, one of the most important manufacturing cities in Northern Italy. A strike is reported, also, at Grosseto.

Mlian, July 7—The pillaging of shops in this city continued throughout Sunday, but only a few persons were injured in the clashes between the looters and the police. Many arrests were made. The crowds siezed stores of meats, cheese, shoes and clothing. In an effort to allay disorders, the municipality ordered all the prices to be reduced fifty per cent. The high cost of living riots in other parts of Italy apparently diminished, according to reports here.

I. W. W. SHOWS HAND IN KANSAS WHEAT FIELDS

First Report of Violence Received From Stafford County; Set Fire to Wheat Field.

Topeka, July 7.—The first report of I. W. W. violence in the wheat belt was reported from St. John in Stafford county by the sheriff, in a telegram to the State Fire Marshal, which read, "Wheat field set fire, looks like I. W. W. brand." No further information was received.

Found $300 Under Gooseberry.

O. T. Culver made a big find Monday of this week under a gooseberry bush. He was gathering the berries for his wife and as he raised up the bush to pick them, he made the find of $300. It was in the form of a fine Duroc-Jersey gilt and a litter of dandy pigs.

Culver says that he has 125 fine pigs this spring and they are the best he has ever raised. He will probably have a sale this fall.—Barnard Bulletin.

DR. J. D. EVANS NEW HEAD OF BAPTIST UNION

St. Louis Convention Votes to Support Wilson Stand on Prohibition—Other Officers.

St. Louis, July 7.—Dr. D. J. Evans, vice president of William Jewell College, Liberty, Mo., has been elected president of the Baptist Young People's Union of America. On the first ballot Evans received 206 votes, W. Fred Reynolds of Toronto, 127, and Dr. John Wellington Hoog of Detroit, 107. When the vote was announced, Reynolds moved to make the election of Evans unanimous, the motion being seconded by Hoog and unanimously approved.

Other officers chosen were: J. S. Sewell of St. Louis, first vice president; Marion Wright of Ohio, second vice president; W. Fred Reynolds of Toronto, Canada, third vice president; O. O. Montague of Chicago, treasurer, (re-elected); J. B. Danco of West Virginia, recording secretary.

The committee on Resolutions decided to eliminate all criticism of President Wilson in reference to his stand on prohibition and will instead recommend for adoption the following resolution:

"We hail with delight the gradual triumph of prohibition. It is wonderful in our eyes. We ask Congress speedily to enact such laws as will make the will of the people effective. The evident determination of the liquor interests to override the will of the people is only another evidence of the real character of the business—it is legalized lawlessness."

The resolutions committee also adopted a resolution favoring the extension of physical training in the public schools of the United States.

The Rev. C. B. Althoff, pastor of the Lormier Memorial Baptist church of Chicago, spoke in favor of extending the membership and scope of the Tither's League, each member of which pledges himself to give 10 per cent of his income to the support of church work. The Rev. Althoff asked that $1,000,000 be pledged in this manner before the end of the year.

HARRY PRICE DESCRIBES CENTENARY CADET CAMP

Local Boy Attending Large Sunday School Encampment at Columbus Ends July 16.

Harry Price, seslected as a delegate from the First Methodist church in this city to attend the Centenary Cadets camp at Columbus, which is being held in connection with the Centenary Campaign convention, writes the following letter to the Democrat-Forum in which he describes the duties and activities of the boys in that organization.

July 4, 1919.

Democrat-Forum, Gentlemen: — I will write and tell you about the Centenary Cadets and their work. We are enlisted for thirty days, from June 16 to July 16, and are stationed at the Ohio State University Aviation Barracks. The Barracks is a one story building covering about two acres, with two courts in the center. The building is equipped with all the modern improvements, the water, heat and light being furnished by the University power plant. The Barracks have the headquarters and officers' quarters at the front and the shower baths are located in the center. The Y. M. C. A. which was used by the soldiers, is in charge of the O. S. U., Y. M. C. A.

There are something like 900 cadets from every state in the Union, there being four colored boys from Georgia and Alabama. The Cadets are boys who have had at least one year of military training. The Cadets are formed into nine companies, and a band of fifty members, which gives us concerts and leads our parades.

Each company has an instructor who has seen overseas service and has held a rank of sergeant or lieutenant. The instructors are all young fellows, and are regular boys and in for anything.

The organization is under strict military discipline and with a staff of older officers. Everything is done according to army schcedule such as reveille, mess, retreat and taps.

We have all the main army formations and drills, including rifle drill, with Springfield army rifles. Every evening at 4:35 we pass in review with the band leading us. We drill from six to eight hours a day, and two days of the week have athletics in the afternoon instead of drilling. Saturday is inspection day, and Sunday is off excepts for church at 8:45. The church services are held in the University chapel, where our chaplain and other men give us talks and preach. Genral Leonard Wood will review us soon. He is honorary Colonel of the organization.

The O. S. U., Y. M. C. A. has charge of the Y. M. C. A. and provides entertainment for us besides the entertainment in charge of the officers. We also have access to the Ohio Union, a boy's club where we may entertain ourselves.

The Cadets do police duty at the Exposition grounds and act as ushers and guides. Two companies are detailed to the Exposition grounds each day for twenty-four hours, when they are relieved by two other companies. The cadets also take part in the great pageant, "The Wayfarer." The cadets also act as honorary guards to the great men such as ex-President Taft, McAdoo, and President Wilson, if he gets back from France in time.

Each company is off for a few hours at the Exposition grounds every other day to see the exhibits and other entertainments.

We are getting along fine and having the time of our lives here with the rest of the cadets. Will close for this time.

Yours truly,
HARRY PRICE.

The I. X. L. Embroidery Club meets Wednesday afternoon with Mrs. M. A. Peery, at her home on West Third street.

Bell Dinner Guests.

Dr. and Mrs. Charles T. Bell entertained Sunday with a 1 o'clock dinner. Covers were laid for Dr. and Mrs. Wm. Wallis, Jr., Mrs. T. L. Robinson, the host and hostess and their small son Charles Robinson.

Mrs. Gray Entertains.

The Bloomdale Willing Workers Club was pleasantly entertained by Mrs. Orville Gray, Thursday. During the business session, a diary, sent by Mrs. Chance Copeland, one of the members who is visiting in the West, was read. Dainty refreshments were served by the hostess, assisted by Mrs. Bert Oliphant. Mrs. Burley Gray, a new member, was received into the club. The members present were Mrs. Robert Aley, Mrs. Abe Byerrum, Mrs. Ed Harvey, Mrs. Anna Hornbuckle, Mrs. Will Lett, Mrs. Frank Maxon, Mrs. Walter Runnels, Mrs. Parle Runnels, Mrs. James Carter, Mrs. Bert Oliphant, Mrs. Burley Gray and the hostess, Misses Faye Hornbuckle, Margaret Shannon, Mina Harvey, Lerita Lett, Roberta Arnold, Lois Harvey, Eldena and Lillian Runnels, Drexel Gray and Joseph Paul Aley. The club adjourned to meet with Mrs. Edmon Harvey July 17.

Muelhaupt-Cummins Wedding.

Tomorrow morning Miss Catherine Muelhaupt, daughter of Mr. and Mrs. Joseph Muelhaupt, Sr., of Des Moines, Ia., will become the bride of Mr. Frank Cummins, son of Thomas A. Cummins, of this city. The ceremony will be solemnized at 8:30 o'clock at St. Mary's Catholic Church, Des Moines, the Rev. Father Dominic Weber officiating in the presence of a large number of relatives and friends. Preceding the ceremony Mrs. J. R. Schuster at the pipe organ will play several selections and St. Mary's choir will sing Willard's Mass. The wedding party will enter to the strains of the bridal chorus from "The Rose Maiden," sung by the choir, and during the nuptials Mrs. Carl Muelhaupt will sing Gounod's Ave Maria with violin obligato. The choir will sing, "Praise Ye the Father," as the bridal party leaves the church. The bride's gown is of white duchess satin with a court train falling from the shoulders, and is trimmed with real Princess Point lace and pearls. The Patrician veil will be held in place by wreath of lilies of the valley. She will carry a shower bouquet of bride's roses and sweet peas. Miss Alice Muelhaupt will attend her sister as maid of honor and she will wear a gown of pink georgette and a French veil and will carry a shower bouquet of roses. Miss Marguerite Cummins and Miss Florence Muelhaupt will be the maids of honor and their gowns will be of peach blow and green georgette and they will wear large picture hats. They will carry shower bouquets of pink roses. Little Miss Lucile Muelhaupt in a dainty white organdie dress will carry the ring in a tiny satin cup placed in the center of a little flower basket. The groom will be attended by Mr. Harold Ryan as best man, and Mr. Joe Muelhaupt and Mr. Dan Fisher as groomsmen. The choir loft will be decorated with palms, ferns and cut flowers and at the entrance of the sanctuary will be two large wicker floor vases filled with pink and white roses. The seats reserved for the relatives of the bridal party will be marked with large wreaths of smilax entwined with pink tulle and tied with large white satin bows.

Following the ceremony a breakfast will be served to one hundred guests at the home of the bride's parents, 1804 Arlington street. Palms, ferns and cut flowers will be used in decorating the rooms. Eight of the bride's intimate friends will serve and they will wear organdie gonws of peach blow, green and pink, the wedding colors. The wedding cake will be adorned with a mininture bride and groom. After a three weeks' trip through the west, the young couple will be at home in this city. Mr. Cummins being the junior member of the Montgomery-Cummins Clothing Company. Out-of-town guests will include T. A. Cummins, Miss Marguerite Cummins, Mrs. Inez Cummins and children, and Harold Ryan, of this city, Mr. and Mrs. Lawrence Cummins and small son of Clearmont, and Rev. Fr. Matthias O. S. B., of Atchison, Kansas.

Mrs. Lyle will return to her work in Kansas City until the release of her husband from military service.

GOV. GARDNER FORECASTS CANDIDACY FOR SENATOR.

Jefferson City, July 7.—Indications of Governor Gardner's forthcoming candidacy for United States Senator are seen by Democratic politicians here in the candidacy of Richard R. Correll, the governor's assistant secretary and faithful lobbyist, for the secretaryship of the Democratic State Committee. The place is now vacant because of the death of W. J. Fleming.

Beside the governor, Charles M. Hay, St. Louis lawyer, Joseph W. Folk, Attorney-General McAllister, John T. M. Johnston, St. Louis capitalist and Harry B. Hawes, and others are regarded as more or less actively in the field, either in person or through their friends.

Correll has served three terms in the house of representatives from Randolph county. He was chairman of the appropriations committee in the Forty-ninth General Assembly. He is editor of the Clark Chronicle, Clark, Mo., and is 35 years old.

No other active candidate for the secretaryship has appeared. The committee probably will meet in St. Louis within the next month to fill the post.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

The Standard Oil Company (*Indiana*) and Industry

The phases of usefulness the Standard Oil Company (Indiana) renders as a public servant are varied.

One of the services not generally known, which the Company must render, is to assist industrial institutions in keeping down their manufacturing costs.

The Company maintains a staff of highly trained lubricating engineers, whose business it is to go into industrial plants, make a careful and thorough study of their mechanical equipment, and determine what lubricants are best suited to each machine under the prevailing conditions.

Their constant effort is to keep down manufacturing costs by specifying the particular oils and greases that will enable the machinery to deliver a maximum of service at a minimum of cost.

The work of the lubricating engineers is a part of the comprehensive service the Standard Oil Company (Indiana) renders.

This is another phase of the usefulness of the Standard Oil Company (Indiana) as a public servant, showing the constant effort being made by the Company to discharge its obligation in a complete and satisfactory manner.

WEIGHS MORE NOW THAN EVER BEFORE

Mrs. Bailey Suffered Nearly All Her Life—Her Health Is Restored by Tanlac.

"Since taking Tanlac I actually weigh more and feel better than I have in years," said Mrs. George W. Baily of 1339 Glen Place, Memphis, Tenn.

"I had been in poor health nearly all my life," she continued, "I had no appetite, my stomach would bloat up after eating and the gas would press on my heart so I could hardly breathe. I would often have to raise up in bed to catch my breath and I could never get a good night's sleep. I fell off till I weighed only seventy-nine pounds and was so weak I could hardly lift my baby.

"I began to improve with my first bottle of Tanlac and I now feel like a new person. I have a fine appetite and never have a sign of indigestion, gas or those smothering spells. I am doing all my housework now and can't find words to express my gratitude for what Tanlac has done for me."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."

BRITISH BUILDING BLIMP THIRD LARGER THAN R-34.

New Dirigible Will Have Lifting Power of 45 Tons and Be 685 Feet Long.

London, July 7.—The biggest Zeppelin-type airship in the world is being constructed by Sir W. Armstrong, Whitworth & Co., at their Barrow works, near Selby. This super-Zep, to be known as the R-39, will be 685 feet long, with a maximum diameter of eighty-five feet, which is sixteen feet more than the diameter of any ship Britain now has.

It is estimated that the gross lifting ability will be eighty tons, and the net lift about forty-five tons. It will have 3,000,000 cubic feet gas capacity. A speed of about seventy-five miles an hour is expected to be attained from six 350-horsepower engines. The R-33 and R-34 have but 2,000,000 cubic feet gas capacity, the new ship's third more inflation almost doubling the lifting abilities of the airship.

A BILLION BUSHEL WHEAT CROP LIKELY

Agricultural Department Urges Every Precaution to Insure Its Conservation.

Washington, D. C., July 7—With a wheat crop of over a billion bushels in prospect in the United States this year, the Department of Agriculture is urging that every possible measure be taken to insure the safe storage and handing of this enormous crop. The need for efforts by farmers an delevator companies to market and store the grain with the least possible loss and congestion of traffic is being emphasized.

Stacking is suggested by the department as a partial solution of the problem, being a means every farmer can apply. It was tried in some parts of the country last year and proved quite successful. Attention is called by the department to the fact that the farmer is likely to be gainer by such a process, for wheat that sweats in the stack, except during an unusually dry season, will be of better quality than if thresher from the shock.

If wheat is stacked at once after harvest, weather permitting, the department says, the farmer may then thresh and market his crop at his convenience, and there is the further advantage that the wheat will not deteriorate should rain come as it would in the shock.

The department urges the farmers to consider the question of providing themselves with storage facilities. The department has specifications for a portable granary, which it will supply on request.

"HAPPY HOLLOW" A MEMORY

Famous "Wet" Spot in Dry Territory Driven Out by Prohibtion.

Montgomery, Mo., July 7.—The most most famous saloon in sections of the state—"Happy Hollow" has gone. The section was popularly called "Happy Hollow" because of its peculiar location.

"Happy Hollow" was located one-half mile from Jonesburg, in the extreme edge of Warren county. Warren remained in the wet column always but Montgomery, Callaway and Lincoln adopted local option. "Happy Hollow" has furnished the liquor for the dry territory and all efforts to dislodge it have failed.

NOW COMES "MINERAL HIGHBALL" WITH KICK.

Boston, July 7.—With a punch that will make a "tired business man feel like an aviator on a hot day," Colonel Roger F. Scannell, a well-known Bostonian, has concocted the "non-tox" highball, carrying with it all the curative minerals of the Wallow Spa, in the County Cork, Ireland.

The beauty of the new highball, according to the Colonel, is that the concoction is a real ball. "It has several minerals in it," said Roger, "and just 'a bit' of the best old whisky."

The formula, he said, was handed down to him by old Dr. Samuel H. Woods, who kept an apothecary shop on Tremont street, opposite King's Chapel, during the Civil War.

Wool Pooling Pays Premium.

In certain sections of the fleece-growing States wool pooling has gained greatly in popularity. Small producers who formerly were unable to market their wool as individuals in a profitable manner can now combine with their neighbors and produce a sufficient supply of graded, quality wool to make it attractive for the eastern wool merchants to bid on these fleeces. During the last year the various co-operative associations have their wool for prices ranging from 1 to 8 cents premium a pound above the prices offered by the local buyers for the came clips.

JEFFERSON CITY LETTER.

Legislature Ratifies Suffrage, Reinstates Capital Punishment and Republicans Oppose League of Nations.

By MEANS RAY.

The extra session of the legislature called by Governor Gardner for the purpose of ratifying the Susan B. Anthony amendment to the Federal constitution extending suffrage to women adopted the amendment without delay.

There were a total of only seven votes in both the Senate and House against the resolution.

Predictions that some might oppose the resolution were without the least foundation for no sooner was the question brought up in either branch than was it adopted. The House required 15 minutes and the Senate four.

One of the great surprises of the extra session was the continued fight against the League of Nations headed by Speaker Sam F. O'Fallon, of Holt County, and Representative Hackett, of Pettis county, both Republicans.

Their opposition came at a dinner given by the suffrage leaders and developed when a movement was started to send a message endorsing the plan of a League of Nations to President Wilson and asking that he speak in Missouri on his return to this country.

During the regular session of the Legislature the Republicans spent much time fighting the League of Nations.

Democratic leaders here state that for the Republicans to try and longer claim that the League of Nations is not a party issue, when they are opposing it as a party, is useless and the belief is stated that the next campaign will be made on such an issue.

The Democrats insist that Republicans should offer some plan of world peace, if they can't get behind the League covenant, or stop fighting what is offered.

Senotor Selden P. Spencer is coming in for his share of criticism among the Republican members of the general assembly. They claim that it is hard to tell where he stands on any of the great questions confronting the people of the nation. Another complaint against Senator Spencer is because of the appointment of a negro on the clerical force of the United States Senate. This complaint does not come alone from party members here but is being voiced by other clerks in the Senate who are of that party.

Rumors are going the rounds that fire insurance companies who asked an increase of 10 per cent which meant the collection of an additional $1,900,000 taking an appeal to the supreme court of the United States. Attorney General McAllister and Superintendent A. L. Harty of the Insurance Department, say they will fight the increase to the bitter end. The Missouri Supreme Court held the increase could not be made.

On a resolution passed by the Senate and House guaranteeing that restoration of capital punishment would be considered and acted upon without consuming additional time of the extra session Governor Gardner sent a special message including this in the call. House members numbering 74 pledged themselves to remain for the restoration of the death penalty in the state. The Senate did likewise and there are to be legal executions in the state again for the following crimes: First degree murder, rape, train robbery, kidnapping, treason, and suborning testimony in capital cases.

Members of the Suffrage organization and other women here passed strong resolutions endoring Governor Gardner in his action calling an extra session for the ratification of the suffrage amendment. Praise of the Governor for this is not confined to the women but is heard on all sides. In his address to the women Governor Gardner said in part:

"The world is at the feet of the women at the present time," he said, "if she will do three things—first she must make herself beautiful in character, heart and soul. Second, she must be educated to converse and vote intelligently. Third, she must be a housekeeper and homemaker and a good mother to her children, the future citizens of the world. I called the special session because it was right and just and merited."

COUNCIL PASSES TAX ORDINANCE

TOTAL OF 12½ MILLS FOR EVERY DOLLAR OF TAXABLE PROPERTY

WATER BOND TAX 5 MILLS

Special Taxes Levied for Street Lighting and Library Funds—To Receive Bond Bids July 25.

At a meeting of the city council held Saturday night at the city hall, a number of ordinances were passed which have as their purpose the fixing of the tax levies for the city, the amount totaling 12½ mills for every assessed dollar of Maryville property.

All the taxable property will be subject to a special tax during the current year of 1919, of two and one-half mills on every dollar of assessed valuation, the money to be used for the proper lighting of streets, alleys and other public places. A special tax of two mills on the dollar on the assessed valuation of Maryville property was also authorized by the council for the "water bond interest fund," the money to be used for the payment of the interest on the water bonds. For the payment of the principal of the water bonds, a tax of 3 mills on every assessed dollar was authorized.

In addition to the water bond levies, the council passed an ordinance authorizing a one mill tax per dollar, for the library fund.

To pay the current and ordinary expenses of the city government, a tax of four mills was authorized.

The final ordinance passed at the council meeting Saturday night calls for a poll tax payment of two dollars for every man between the ages of twenty-one and fifty years, who has resided in this city a period of thirty days.

The next meeting of the city council will be held at 3 p. m., July 25, at which time the commissioners will receive the bids on the water bonds of an issue of $50,000, which were recently voted.

STUDENTS BACK FOR THE FINAL GRIND OF SUMMER

Grades for the First Eight Weeks Are Being Given Out at the College This Morning.

State Historical Society COLUMBIA

Students returned to their duties at the college this morning after a brief period of two days to finish the end of the summer session. The instructors are handing out grades made during the first eight weeks of school, bringing joy to some and grief to many. As usual the teachers run out of "E's" and "S's" and had to fall back on "M's" and "F's." Of course, it will never happen again.

THAT "LI'L OLD GAME" BROKEN UP

THE AUTHORITIES JOIN "FRIENDLY" CRAP GAME SUNDAY MORNING

'TWAS A SURPRISE PARTY

One of the Party Breaks Arm in Attempted Flight at Fair Ground—Trial Wednesday Morning.

Sheriff John Dowden and Deputy Lee Atherton very rudely interrupted a friendly game of craps Sunday morning about the hour of 9 o'clock. The authorities joined the party which was holding forth in the judges stand at the Fair grounds, making a surprise affair of it. Indeed, one fellow, Lewis Emery, was so excited at the unexpected arrival of the uninvited guests that he leaped from the stand which is three stories high to the ground, breaking an arm "when the ground rose up to meet him."

Sheriff Dowden and his assistant, "Spud" Atherton, gathered up the "remains" of Emery, and his four partners together with the "bones" and other evidence and came back to town with them. Mike Still, A. B. Gaskell, Doc Seals, and L. E. Fite were other members to the party of five which had gathered to spend the quiet Sabbath morning in a "li'l old game."

The five culprits were arraigned before Judge Johnson this morning, charged with gaming by Prosecuting Attorney Charles McCaffrey, but, strangely enough, plead not guilty. The trial was set for Wednesday morning at 9 o'clock in Judge Johnson's court.

MEN'S BIBLE CLASS GROWING

Plans Made Yesterday for Banquet Next Thursday Night—Women's Auxiliary to Have Charge.

The increased attendance campaign started some two months ago by the Men's Organized Bible Class of the Baptist church is being pushed with vigor. Yesterday a number of new men were enrolled and plans made for the banquet Thursday night. One hundred and fifty prospective men, members of no church were listed. Committees will visit available men for the class. The committee for the sale of tickets for the banquet have already been assured of a large crowd to hear "Parson" L. M. Hale of St. Louis, speak on "Men and the Bible School." The Women's Auxiliary of the church will have charge of the banquet. A program of music, speeches and good fellowship has been provided.

R-34 REACHED GOAL YESTERDAY

BRITISH DIRIGIBLE COMPLETES TRIP ACROSS ATLANTIC

IS TO RETURN TUESDAY

3,600 Miles Over Sea Voyage Completed in 108 Hours and 12 Minutes—Petrol Nearly Exhausted.

Mineola, N. Y., July 7.—Great Britain's super-dirigible R-34, the first lighter than air machine to cross the Atlantic ocean, anchored here at Roosevelt Flying Field at 9:54 a. m., yesterday, after an aerial voyage of 108 hours and 12 minutes which covered approximately 3,600 miles.

Passing through dense banks of cloud, with the sun and sea visible only at rare intervale, the R-34 was forced to cruise 2,650 knots to reach Trinity Bay, N. F., from East Fortune, Scotland, and 1,080 knots from there to Mineola.

When the super-dirigible arrived here she had left only enough petrol to keep her moving ninety minutes longer. Her crew almost sleepless for four and a half days, were weary almost to the point of exhaustion, but happy at the successful completion of their epoch making trip. The return voyage will be started Tuesday at 8 a. m.

Mineola, July 7—A hole twenty feet long and twenty feet wide was torn in the nose of the giant British dirigible R-34, in a battle between a thousand men and the air craft which was being whipped by a gale and in imminent danger of being torn from its moorings.

J. PLUVIUS IN BAD— PUTS BLINK ON BALL GAME

Muddy Condition of Roads and Field Causes Postponement of Comet-Stuppy Game.

Jupiter Pluvius, not content with spoiling the Fourth of July holiday fun made more enemies for himself yesterday among the ball fans of Maryville when he put the blink on the game between the Comets and the St. Joe Stuppy nine.

The muddy condition of the roads kept the down state team from coming to this city, and it was well that they did not, for the Fair grounds park was a sea of mire.

Manager Black announced today that a game with either the Stuppys or the Shenandoah, Iowa, nine will be on tap next Sunday.

COUNTY COURT IN SESSION TODAY

The county court in session this afternoon made the Nodaway Valley Bank the depository for the county funds. The only other business of importance considered was the awarding of some bills outstanding.

Miss Bonewitz Returns.

Misses Lois and Edna Bonewitz arried last night and the former will resume her work at the Dawson Millinery Company. Miss Bonewitz accompanied her mother, Mrs. W. A. Bonewitz, to Sayre, Okla., several weeks ago, where Mrs. Bonewitz will make her home with her daughter, Mrs. W. Ben Turner. Miss Edna Bonewitz will return to Savannah after spending a few days here with relatives and friends.

Mrs. Clara Buck visited in St. Joseph Friday and Saturday with her son Frank Buck.

COX TELLS OF LEAGUE SUPPORT

SENTIMENT STRONG FOR LEAGUE OF NATIONS AT CENTENARY

QUOTES THE SPEAKERS

Local Minister Tells Why a L of N Is Supported by Taft, Mott and McConnell.

Rev. G. S. Cox, pastor of the First Methodist church, recently returned from the big centenary convention at Columbus, O., spoke last night on the "League of Nations and the Centenary Movement." In his talk, he upheld the league as the most logical solution of the war problem, and told of the resolutions which were passed at the Columbus meeting approving such an international union.

Rev. Cox took as the substance of his talk, remarks made by ex-President Taft, John R. Mott, international secretary of the Y. M. C. A., and Bishop McConnell, for six years Protestant representative in Mexico, made at the big meeting in support of the league. He said that according to each of these men, America should take the lead in the first great movement for the settlement of international disputes without bloodshed, and that the eyes of the world were on the United States at this time to set an example which other countries might follow. Mr. Taft, he said, explained the league covenant and showed how the various clauses brought out the idea of justice and a fair deal for each of the countries in the pact.

In speaking of the address made by Bishop McConnell at the convention, Rev. Cox told of the work which this man has accomplished in Mexico for the furtherance of the Protestant religion and the reasons why he favored the league from a religious as well as a political standpoint.

He also brought out that John R. Mott, through his work as international Y. M. C. A. Secretary had been given opportunity to see the world from a broad viewpoint, and how he had come to accept the league as a medium for the best interests of all.

Dr. Cox explained the Centenary movement as a "league of nations of the church" and showed that the idea of a union of the churches of the world is a parallel one to the move for a union of the world nations.

Rev. Cox spoke of the recommendation of the league of nations made by Secretary of the Navy Daniels at the Columbus convention in which the latter referred to such as "The noblest covenant the world has known, a patriotic Sermon on the Mount," adopted by all allied nations of every clime, and every tongue and every faith."

WHEAT CUTTING IS ON

Tractors Are Playing Important Part in Harvesting This Year's Large Acreage of Wheat.

Wheat harvesting is now on and the farmers are making every effort to get their wheat in shock. The grain has ripened rapidly the last few days and is now needing to be cut. It is conservatively estimated that wheat in this neighborhood will make less than 20 bushels to the acre.

The tractor is playing an important part in harvesting grain this year. The exceedingly hot weather has caused horses to be very slow in getting over the field and many are making efforts to get their grain cut by tractor power. Owners of tractors state that given a good long day and no binder trouble they can cut from 35 to 440 acres a day.

Farmers are experiencing difficulty in securing harvest hands in many instances and are paying from $5 to $7 a day for single hands.—Barnard Bulletin.

THOUSANDS OF CATS ARE HOMELESS BY PROHIBITION.

New York, July 7.—Another of the evils of prohibition has been discovered.

Seven thousand cats have been made homeless in New York by the closing up of the saloons, it is estimated. There were well over seven thousand saloons in New York, and, outside the fashionable bars in the big hotels, it is estimated that every barroom had its cat, some of them more than one. Now that the saloons are closed the cats are homeless.

PRESIDENT'S SHIP NOW 500 MILES OFF NEW YORK

If Present Schedule Is Maintained Wilson Will Reach Hoboken at 3 P. M. Tomorrow.

New York, July 7.—The transport, George Washington, bringing President Wilson home, was 500 hundred miles from New York this morning. By maintaining her present schedule she should reach Hoboken about 3 o'clock tomorrow afternoon.

LEGAL BATTLE TO SAVE HARRY NEW

TEMPORARY INSANITY TO BE THE BASIS OF DEFENSE

INSIST SENATOR FATHER

Mrs. Lula Burger, Mother of Slayer, to Aid Son; Autopsy on Dead Girl's Body Tomorrow.

Los Angeles, July 7.—Despite the frank admission of guilt made by the prisoner, preliminary steps were taken today for the opening of a legal battle to save Harry New, Jr., who has claimed Senator New as his father, from being held legally responsible for the murder of beautiful Freda Lesser his sweetheart. Temporary insanity will be made the basis of the defense.

Whether Miss Lesser was about to become a mother or not will be determined by an autopsy tomorrow. The police said New now claims the reason he killed the girl, was because of her refusal to marry him, and not because she was to undergo an operation.

Chicago, July 7.—Stoutly maintaining that Harry New, Jr., who is under arrest at Los Angeles for the murder of his sweetheart, is the son of United States Senator New of Indiana, Mrs. Lulu Burger, mother of the slayer, is speeding westward today to aid her boy. Mrs. Burger said she married the senator when she was a young girl but has been divorced from him for eighteen years. She states that the best legal aid obtainable will be secured for her son.

WILL BRING GERMAN MURDERERS TO ENGLAND

Prominent Hun Officials, Alleged to Be Complicated in Cavell and Fryatt Outrages, to Face Trial.

London, July 7.—Prominent German officials, alleged to be complicatd in the murder of nurse Edith Cavell and Captain Fryatt in Belgium, probably will be brought to England within the next few days and lodged in the Tower of London, the Daily Express states.

Miss Katherine Grimes who has been employed as sales lady at the Graham-Latimer store for the past four years resigned her position Saturday.

ANARCHIST MOVE SPREADS IN ITALY

SOCIALIST COMMITTEES USURP ADMINISTRATIVE POWERS

CUT PRICES 50 PER CENT

One Killed and Several Injured in the Rioting at Brescia; Police and Looters Battle in Streets.

Rome, July 7.—The anarchist movement in Italy is spreading from the small towns to the cities. In the Bologna province the anarchist and socialist committees have usurped the administrative powers in the municipalities. Edicts have been issued lowering the prices of foodstuffs. Further looting was reported from Forli, Popoli Medola and Castocaro, the seat of the original outbreak this week. General strikes have been proclaimed at Prato, one of the most important manufacturing cities in Northern Italy. A strike is reported, also, at Grosseto.

Mlian, July 7—The pillaging of shops in this city continued throughout Sunday, but only a few persons were injured in the clashes between the looters and the police. Many arrests were made. The crowds sieged stores of meats, cheese, shoes and clothing. In an effort to allay disorders, the municipality ordered all the prices to be reduced fifty per cent. The high cost of living riots in other parts of Italy apparently diminished, according to reports here.

I. W. W. SHOWS HAND IN KANSAS WHEAT FIELDS

First Report of Violence Received From Stafford County; Set Fire to Wheat Field.

Topeka, July 7.—The first report of I. W. W. violence in the wheat belt was reported from St. John in Stafford county by the sheriff, in a telegram to the State Fire Marshal, which read, "Wheat field set fire, looks like I. W. W. brand." No further information was received.

Found $300 Under Gooseberry.

O. T. Culver made a big find Monday of this week under a gooseberry bush. He was gathering the berries for his wife and as he raised up the bush to pick them, he made the find of $300. It was in the form of a fine Duroc-Jersey gilt and a litter of dandy pigs.

Culver says that he has 125 fine pigs this spring and they are the best he has ever raised. He will probably have a sale this fall.—Barnard Bulletin.

DR. J. D. EVANS NEW HEAD OF BAPTIST UNION

St. Louis Convention Votes to Support Wilson Stand on Prohibition—Other Officers.

St. Louis, July 7.—Dr. D. J. Evans, vice president of William Jewell College, Liberty, Mo., has been elected president of the Baptist Young People's Union of America. On the first ballot Evans received 206 votes, W. Fred Reynolds of Toronto, 127, and Dr. John Wellington Hoog of Detroit, 107. When the vote was announced, Reynolds moved to make the election of Evans unanimous, the motion being seconded by Hoog and unanimously approved.

Other officers chosen were: J. S. Sewell of St. Louis, first vice president; Marion Wright of Ohio, second vice president; W. Fred Reynolds of Toronto, Canada, third vice president; O. O. Montague of Chicago, treasurer, (re-elected); J. B. Danco of West Virginia, recording secretary.

The committee on Resolutions decided to eliminate all criticism of President Wilson in reference to his stand on prohibition and will instead recommend for adoption the following resolution:

"We hail with delight the gradual triumph of prohibition. It is wonderful in our eyes. We ask Congress speedily to enact such laws as will make the will of the people effective. The evident determination of the liquor interests to override the will of the people is only another evidence of the real character of the business—it is legalized lawlessness."

The resolutions committee also adopted a resolution favoring the extension of physical training in the public schools of the United States.

The Rev. C. B. Althoff, pastor of the Lormier Memorial Baptist church of Chicago, spoke in favor of extending the membership and scope of the Tither's League, each member of which pledges himself to give 10 per cent of his income to the support of church work. The Rev. Althoff asked that $1,000,000 be pledged in this manner before the end of the year.

FEATHER SNIPPERS BUSY.

Cleveland, Ohio., July 7.—Watch your feathers, girls.

Jack, the feather snipper, is abroad. W. H. Gray, secretary of the Retail Merchants' Board, has sent out warning that due to the scarcity of paradise bird feathers thieves are abroad and snipping 'em off. Retail stores and women riding in street cars and walking on the streets have been the victims.

HARRY PRICE DESCRIBES CENTENARY CADET CAMP

Local Boy Attending Large Sunday School Encampment at Columbus Ends July 16.

Harry Price, seslected as a delegate from the First Methodist church in this city to attend the Centenary Cadets camp at Columbus, which is being held in connection with the Centenary Campaign convention, writes the following letter to the Democrat-Forum in which he describes the duties and activities of the boys in that organization.

July 4, 1919.

Democrat-Forum, Gentlemen: —I will write and tell you about the Centenary Cadets and their work. We are enlisted for thirty days, from June 16 to July 16, and are stationed at the Ohio State University Aviation Barracks. The Barracks is a one story building covering about two acres, with two courts in the center. The building is equipped with all the modern improvements, the water, heat and light being furnished by the University power plant. The Barracks have the headquarters and officers' quarters at the front and the shower baths are located in the center. The Y. M. C. A. which was used by the soldiers, is in charge of the O. S. U., Y. M. C. A.

There are something like 900 cadets from every state in the Union, there being four colored boys from Georgia and Alabama. The Cadets are boys who have had at least one year of military training. The Cadets are formed into nine companies, and a band of fifty members, which gives us concerts and leads our parades.

Each company has an instructor who has seen overseas service and has held a rank of sergeant or lieutenant. The instructors are all young fellows, and are regular boys and in for anything.

The organization is under strict military discipline and with a staff of older officers. Everything is done according to army schedule such as reveille, mess, retreat and taps.

We have all the main army formations and drills, including rifle drill, with Springfield army rifles. Every evening at 4:35 we pass in review with the band leading us. We drill from six to eight hours a day, and two days of the week have athletics in the afternoon instead of drilling. Saturday is inspection day, and Sunday is off excepts for church at 8:45. The church services are held in the University chapel, where our chaplain and other men give us talks and preach. General Leonard Wood will review us soon. He is honorary Colonel of the organization.

The O. S. U., Y. M. C. A. has charge of the Y. M. C. A. and provides entertainment for us besides the entertainment in charge of the officers. We also have access to the Ohio Union, a boy's club where we may entertain ourselves.

The Cadets do police duty at the Exposition grounds and act as ushers and guides. Two companies are detailed to the Exposition grounds each day for twenty-four hours, when they are relieved by two other companies. The cadets also take part in the great pageant, "The Wayfarer." The cadets also act as honorary guards to the great men such as ex-President Taft, McAdoo, and President Wilson, if he gets back from France in time.

Each company is off for a few hours at the Exposition grounds every other day to see the exhibits and other entertainments.

We are getting along fine and having the time of our lives here with the rest of the cadets. Will close for this time.

Yours truly,

HARRY PRICE.

Muelhaupt-Cummins Wedding.

Tomorrow morning Miss Catherine Muelhaupt, daughter of Mr. and Mrs. Joseph Muelhaupt, Sr., of Des Moines, Ia., will become the bride of Mr. Frank Cummins, son of Thomas A. Cummins, of this city. The ceremony will be solemnized at 8:30 o'clock at St. Mary's Catholic Church, Des Moines, the Rev. Father Dominic Weber officiating in the presence of a large number of relatives and friends. Preceding the ceremony Mrs. J. R. Schuster at the pipe organ will play several selections and St. Mary's choir will sing Willard's Mass. The wedding party will enter to the strains of the bridal chorus from "The Rose Maiden," sung by the choir, and during the nuptials Mrs. Carl Muelhaupt will sing Gounod's Ave Maria with violin obligato. The choir will sing, "Praise Ye the Father," as the bridal party leaves the church. The bride's gown is of white duchess satin with a court train falling from the shoulders, and is trimmed with real Princess Point lace and pearls. The Patrician veil will be held in place by wreath of lilies of the valley. She will carry a shower bouquet of bride's roses and sweet peas. Miss Alice Muelhaupt will attend her sister as maid of honor and she will wear a gown of pink georgette and a French veil and will carry a shower bouquet of roses. Miss Marguerite Cummins and Miss Florence Muelhaupt will be the maids of honor and their gowns will be of peach blow and green georgette and they will wear large picture hats. They will carry shower bouquets of pink roses. Little Miss Lucile Muelhaupt in a dainty white organdie dress will carry the ring in a tiny satin cup placed in the center of a little flower basket. The groom will be attended by Mr. Harold Ryan as best man, and Mr. Joe Muelhaupt and Mr. Dan Fisher as groomsmen. The choir loft will be decorated with palms, ferns and cut flowers and at the entrance of the sanctuary will be two large wicker floor vases filled with pink and white roses. The seats reserved for the relatives of the bridal party will be marked with large wreaths of smilax entwined with pink tulle and tied with large white satin bows.

Following the ceremony a breakfast will be served to one hundred guests at the home of the bride's parents, 1804 Arlington street. Palms, ferns and cut flowers will be used in decorating the rooms. Eight of the bride's intimate friends will serve and they will wear organdie gonws of peach blow, green and pink, the wedding colors. The wedding cake will be adorned with a mininture bride and groom. After a three weeks' trip through the west, the young couple will be at home in this city. Mr. Cummins being the junior member of the Montgomery-Cummins Clothing Company. Out-of-town guests will include T. A. Cummins, Miss Marguerite Cummins, Mrs. Inez Cummins and children, and Harold Ryan, of this city, Mr. and Mrs. Lawrence Cummins and small son of Clearmont, and Rev. Fr. Matthias O. S. B., of Atchison, Kansas.

GOV. GARDNER FORECASTS CANDIDACY FOR SENATOR.

Jefferson City, July 7.—Indications of Governor Gardner's forthcoming candidacy for United States Senator are seen by Democratic politicians here in the candidacy of Richard R. Correll, the governor's assistant secretary and faithful lobbyist, for the secretaryship of the Democratic State Committee. The place is now vacant because of the death of W. J. Fleming.

Beside the governor, Charles M. Hay, St. Louis lawyer, Joseph W. Folk, Attorney-General McAllister, John T. M. Johnston, St. Louis capitalist and Harry B. Hawes, and others are regarded as more or less actively in the field, either in person or through their friends.

Correll has served three terms in the house of representatives from Randolph county. He was chairman of the appropriations committee in the Forty-ninth General Assembly. He is editor of the Clark Chronicle, Clark, Mo., and is 35 years old.

No other active candidate for the secretaryship has appeared. The committee probably will meet in St. Louis within the next month to fill the post.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

The Standard Oil Company
(*Indiana*)
and Industry

The phases of usefulness the Standard Oil Company (Indiana) renders as a public servant are varied.

One of the services not generally known, which the Company must render, is to assist industrial institutions in keeping down their manufacturing costs.

The Company maintains a staff of highly trained lubricating engineers, whose business it is to go into industrial plants, make a careful and thorough study of their mechanical equipment, and determine what lubricants are best suited to each machine under the prevailing conditions.

Their constant effort is to keep down manufacturing costs by specifying the particular oils and greases that will enable the machinery to deliver a maximum of service at a minimum of cost.

The work of the lubricating engineers is a part of the comprehensive service the Standard Oil Company (Indiana) renders.

This is another phase of the usefulness of the Standard Oil Company (Indiana) as a public servant, showing the constant effort being made by the Company to discharge its obligation in a complete and satisfactory manner.

WEIGHS MORE NOW THAN EVER BEFORE

Mrs. Bailey Suffered Nearly All Her Life—Her Health Is Restored by Tanlac.

"Since taking Tanlac I actually weigh more and feel better than I have in years," said Mrs. George W. Baily of 1339 Glen Place, Memphis, Tenn.

"I had been in poor health nearly all my life," she continued, "I had no appetite, my stomach would bloat up after eating and the gas would press on my heart so I could hardly breathe. I would often have to raise up in bed to catch my breath and I could never get a good night's sleep. I fell off till I weighed only seventy-nine pounds and was so weak I could hardly lift my baby.

"I began to improve with my first bottle of Tanlac and I now feel like a new person. I have a fine appetite and never have a sign of indigestion, gas or those smothering spells. I am doing all my housework now and can't find words to express my gratitude for what Tanlac has done for me."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."

BRITISH BUILDING BLIMP THIRD LARGER THAN R-34.

New Dirigible Will Have Lifting Power of 45 Tons and Be 685 Feet Long.

London, July 7.—The biggest Zeppelin-type airship in the world is being constructed by Sir W. Armstrong, Whitworth & Co., at their Barrow works, near Selby. This super-Zep, to be known as the R-39, will be 685 feet long, with a maximum diameter of eighty-five feet, which is sixteen feet more than the diameter of any ship Britain now has.

It is estimated that the gross lifting ability will be eighty tons, and the net lift about forty-five tons. It will have 3,000,000 cubic feet gas capacity. A speed of about seventy-five miles an hour is expected to be attained from six 350-horsepower engines. The R-33 and R-34 have but 2,000,000 cubic feet gas capacity, the new ship's third more inflation almost doubling the lifting abilities of the airship.

A BILLION BUSHEL WHEAT CROP LIKELY

Agricultural Department Urges Every Precaution to Insure Its Conservation.

Washington, D. C., July 7—With a wheat crop of over a billion bushels in prospect in the United States this year, the Department of Agriculture is urging that every possible measure be taken to insure the safe storage and handing of this enormous crop. The need for efforts by farmers an delevator companies to market and store the grain with the least possible loss and congestion of traffic is being emphasized.

Stacking is suggested by the department as a partial solution of the problem, being a means every farmer can apply. It was tried in some parts of the country last year and proved quite successful. Attention is called by the department to the fact that the farmer is likely to be gainer by such a process, for wheat that sweats in the stack, except during an unusually dry season, will be of better quality than if thresher from the shock.

If wheat is stacked at once after harvest, weather permitting, the department says, the farmer may then thresh and market his crop at his convenience, and there is the further advantage that the wheat will not deteriorate should rain come as it would in the shock.

The department urges the farmers to consider the question of providing themselves with storage facilities. The department has specifications for a portable granary, which it will supply on request.

"HAPPY HOLLOW" A MEMORY

Famous "Wet" Spot in Dry Territory Driven Out by Prohibtion.

Montgomery, Mo., July 7.—The most most famous saloon in sections of the state—"Happy Hollow" has gone. The section was popularly called "Happy Hollow" because of its peculiar location.

"Happy Hollow" was located one-half mile from Jonesburg, in the extreme edge of Warren county. Warren remained in the wet column always but Montgomery, Callaway and Lincoln adopted local option. "Happy Hollow" has furnished the liquor for the dry territory and all efforts to dislodge it have failed.

NOW COMES "MINERAL HIGHBALL" WITH KICK.

Boston, July 7.—With a punch that will make a "tired business man feel like an aviator on a hot day," Colonel Roger F. Scannell, a well-known Bostonian, has concocted the "non-tox" highball, carrying with it all the curative minerals of the Wallow Spa, in the County Cork, Ireland.

The beauty of the new highball, according to the Colonel, is that the concoction is a real ball. "It has several minerals in it," said Roger, "and just 'a bit' of the best old whisky."

The formula, he said, was handed down to him by old Dr. Samuel H. Woods, who kept an apothecary shop on Tremont street, opposite King's Chapel, during the Civil War.

Wool Pooling Pays Premium.

In certain sections of the fleece-growing States wool pooling has gained greatly in popularity. Small producers who formerly were unable to market their wool as individuals in a profitable manner can now combine with their neighbors and produce a sufficient supply of graded, quality wool to make it attractive for the eastern wool merchants to bid on these fleeces. During the last year the various co-operative associations have their wool for prices ranging from 1 to 8 cents premium a pound above the prices offered by the local buyers for the came clips.

JEFFERSON CITY LETTER.

Legislature Ratifies Suffrage, Reinstates Capital Punishment and Republicans Oppose League of Nations.

By MEANS RAY.

The extra session of the legislature called by Governor Gardner for the purpose of ratifying the Susan B. Anthony amendment to the Federal constitution extending suffrage to women adopted the amendment without delay.

There were a total of only seven votes in both the Senate and House against the resolution.

Predictions that some might oppose the resolution were without the least foundation for no sooner was the question brought up in either branch than was it adopted. The House required 15 minutes and the Senate four.

One of the great surprises of the extra session was the continued fight against the League of Nations headed by Speaker Sam F. O'Fallon, of Holt County, and Representative Hackett, of Pettis county, both Republicans.

Their opposition came at a dinner given by the suffrage leaders and developed when a movement was started to send a message endorsing the plan of a League of Nations to President Wilson and asking that he speak in Missouri on his return to this country.

During the regular session of the Legislature the Republicans spent much time fighting the League of Nations.

Democratic leaders here state that for the Republicans to try and longer claim that the League of Nations is not a party issue, when they are opposing it as a party, is useless and the belief is stated that the next campaign will be made on such an issue.

The Democrats insist that Republicans should offer some plan of world peace, if they can't get behind the League covenant, or stop fighting what is offered.

Senator Selden P. Spencer is coming in for his share of criticism among the Republican members of the general assembly. They claim that it is hard to tell where he stands on any of the great questions confronting the people of the nation. Another complaint against Senator Spencer is because of the appointment of a negro on the clerical force of the United States Senate. This complaint does not come alone from party members here but is being voiced by other clerks in the Senate who are of that party.

Rumors are going the rounds that fire insurance companies who asked an increase of 10 per cent which meant the collection of an additional $1,900,000 taking an appeal to the supreme court of the United States. Attorney General McAllister and Superintendent A. L. Harty of the Insurance Department, say they will fight the increase to the bitter end. The Missouri Supreme Court held the increase could not be made.

On a resolution passed by the Senate and House guaranteeing that restoration of capital punishment would be considered and acted upon without consuming additional time of the extra session Governor Gardner sent a special message including this in the call. House members numbering 74 pledged themselves to remain for the restoration of the death penalty in the state. The Senate did likewise and there are to be legal executions in the state again for the following crimes: First degree murder, rape, train robbery, kidnapping, treason, and suborning testimony in capital cases.

Members of the Suffrage organization and other women here passed strong resolutions endoring Governor Gardner in his action calling an extra session for the ratification of the suffrage amendment. Praise of the Governor for this is not confined to the women but is heard on all sides. In his address to the women Governor Gardner said in part:

"The world is at the feet of the women at the present time," he said, "if she will do three things—first she must make herself beautiful in character, heart and soul. Second, she must be educated to converse and vote intelligently. Third, she must be a housekeeper and homemaker and a good mother to her children, the future citizens of the world. I called the special session because it was right and just and merited."
